

2021 Central District Spring Fire School

May 2nd

Huron Campus Center, 333 9th St. SW.

Huron, SD

1. Live Fire Training - Live Fire Attack and Technique Training – 6 hours (limit 20)

Training will consist of a short AM classroom session covering basic principles of Safety, SCBA and Fire Streams. The remainder of the AM and all afternoon will be spent doing hands on training with Live Fire. Participants will put their knowledge and skills to use in the two-story Mobile Live Fire Training Unit. This hands-on training will simulate conditions encountered in actual interior structure fires (live fire, heat, humidity, and smoke). Any applicable hands on tasks on the Yellow Card can be completed and signed. **(Must be 18 years of age. Structural PPE and SCBA required.)**

Instructors: Platte Fire Department MLFTU Cadre

2. Stress First Aid – For Firefighters and Emergency Service Personnel – 3 hours AM class (no limit)

Stress First Aid (SFA) is a flexible set of tools used to care for stress reactions in firefighters and rescue personnel. Unlike other acute stress management procedures, SFA was designed specifically to support firefighters and rescue personnel. The goal of SFA is to restore health and readiness after a stress reaction. SFA is a toolkit that emphasizes the importance of continuously monitoring the stress of fire and rescue personnel and to quickly recognize and appropriately help individuals who are reacting to stress and in need of interventions to promote healing.

Instructor: Mike Erickson, Fort Pierre Fire Department

3. Leadership, Accountability, Culture, Knowledge (LACK) – 3 hours PM class (no limit)

Is your department on the path to a LODD? This compelling presentation by the National Fallen Firefighter Foundation examines the root causes of LODD's and the roll of leadership, Accountability, Culture and Knowledge as it influences the end result. Many fire departments across the United States "LACK the Right Stuff" to prevent them from being on the path to a line of duty death, with Leadership, Accountability, Culture and Knowledge being the elements that need to be addressed and managed in those environments. Through education and training, those departments can improve their survivability by understanding the root causes of the firefighter fatalities and tackling these four elements with special emphasis on understanding fire service culture.

Instructor: Mike Erickson, Fort Pierre Fire Department

4. EVOC (Emergency Vehicle Operations Course) – 6 hours (no limit)

This class will begin with a classroom presentation and the hands-on practice and training. Students will be given information regarding how to become more confident and competent in emergency vehicle operations and defensive driving when responding to an incident.

Instructor: Trevor Lightfield, Pierre Fire Department
