

HAZMATIQ

BY FEDERAL RESOURCES

Above The Line - Below The Line

The HazMatIQ Above The Line/Below The Line system is developed by responders, for responders and only available from HazMatIQ. The HazMatIQ system incorporates trademarked innovative street smart “Cheat Sheets” that enable responders to safely and efficiently respond to any known or unknown chemical or mixture. Students taking this course will be able to size-up (physical state, hazards, initial hot zone, correct meters and PPE) any chemical in minutes. The system then coaches responders through a streamlined chemical research method to verify their initial size-up, preparing responders to immediately go to work when they arrive on a Hazardous Materials/WMD event.

WHAT: HAZMAT IQ: “Above the line- Below the line”

WHEN: Saturday July 12, 2014 8:30AM- 5:30PM

WHERE: North Sioux City Fire Department Training Room

WHO: Any HAZMAT Tech, Ops or Awareness level personnel. Class size is limited to 30. The 1st 30 that sign up can attend.* **Pre-registration is required** so get your names on the list early!!!

COST: Free. This class is being paid for by a grant received from the SD Dep’t. of Homeland Security.

This outstanding course is 8 hours in duration. We will start at 8:30AM sharp, so please be on time. Lunch will be provided. Come prepared to learn about the “new way” of HAZMAT.

In an event you are pre-registered and unable to attend, please call the North Sioux City Fire Department at (605)232-4286 and have your name removed from the list.

*If more than 30 people sign up, your name will go on an “alternate” list.
